### Save the Wonderful World by Kishana Mayuran

Pick up the rubbish from the ground,  
Right and left and all around,  
Bottles and wrappers here and there,  
Let's show the planet, that we really care.

Walk or run lets skip the car,  
One small step can take us far,  
Walking and running that's the rule,  
Now the planet is fresh and cool.

We should take care of the trees,  
As it gives us the cool breeze.  
We should take care of the plants,  
But let not ignore the peaceful chants!

Plant the trees and clear the air,  
Let's show the Earth that we really care,  
Show the planet what its worth.  
Hooray, Hooray we have saved the Earth!
